

Opioid Use Disorders TeleECHO Clinic

Beacon Health Options
with the Connecticut Behavioral Health Partnership

Facilitator:

Sandrine Pirard, MD, PhD, MPH

Offers Continuing Medical Education (CME) credits at no cost to you!

Clinicians are invited to become an Opioid Use Disorder (OUD) ECHO Learning Partner!

Beacon has partnered with the New England Addiction Technology Center to offer lunchtime sessions twice a month.

How Project ECHO (Extension for Community Healthcare Outcomes) Works

The hub, Beacon's specialists, hosts video clinics with the spokes (nonspecialists)

They connect via a free video conferencing platform on computer, cell, or tablet with a webcam

Providers present deidentified cases

The hub provides learning, guidance, and didactic education on MAT

Benefits Of Participation

- Continuing Medical Education (CME) credits at no cost to you
- No cost to you or your facility to participate
- Project ECHO helps you meet the needs of your patients who have opioid use disorder
- The opportunity to present your tough cases and receive feedback from a multidisciplinary team of specialists and your peers
- Open access to all resources and referral information
- A supportive community of like-minded practitioners
- Share and learn with other clinicians, practices, and a multidisciplinary team of specialists on how to:
 - Assess substance use disorders
 - Provide evidence-based use of medication-assisted treatments (MAT) including methadone, buprenorphine, and naltrexone, as well as complementary therapies
 - Coordinate mental and physical health services for complex patients who have pain, mental health conditions, or other comorbidities along with OUD

We will select up to 15 practices to participate. To be included in this innovative learning opportunity or for more information, please visit the MAT Resources page on the CT BHP website at <http://www.ctbhp.com/medication-assisted-treatment.html> or contact the Provider Relations Department at 877-552-8427 Options 1, 3, 7.
