

**The Consumer & Family Advisory Council invites you to join us in....
Embracing HOPE!**

This community meeting will demonstrate how hope can influence change and a better quality of life. We welcome your engagement with consumers and families as we share stories of wellness and recovery.

The Consumer & Family Advisory Council (CFAC) is a consumer driven committee that supports the education, training and awareness efforts that will enhance resources and improve best practices for HUSKY Health services and the behavioral health system of care.
